

## strongSwan - Bug #212

### Monolithic build fails with addrblock plugin

03.08.2012 10:14 - Peter van Liesdonk

<b>Status:</b> Closed	<b>Start date:</b> 03.08.2012

<b>Category:</b>	
<b>Target version:</b> 5.0.1	
<b>Affected version:</b> 5.0.0	<b>Resolution:</b>
<b>Description</b> Using the following configuration the build fails: ./configure --enable-addrblock --enable-monolithic  reason: in src/libcharon/Makefile.{in,am} there is a dependency on uci/libstrongswan-addrblock.la which should obviously be addrblock/libstrongswan-addrblock.la.  Running sed -i -e 's/uci/libstrongswan-addrblock/addrblock/libstrongswan-addrblock/' src/libcharon/Makefile* in the root build dir fixes this problem.	

#### Associated revisions

##### Revision f02a3055 - 03.08.2012 10:50 - Martin Willi

Fix linking of addrblock plugin when building monolithic

Fixes #212.
