

strongSwan - Bug #257

Charon: IKEv1 not sending Acct-Status-Type = Stop to RADIUS server after DPD timeout

03.12.2012 16:29 - Khaos Tian

Status:	Closed	Start date:	03.12.2012
Priority:	Normal	Due date:	
Assignee:	Martin Willi	Estimated time:	0.00 hour
Category:	libcharon	Resolution:	Fixed
Target version:	5.0.2		
Affected version:	5.0.1		

Description

It happened on Charon IKEv1 with xauth-eap enabled. When DPD timeout, Charon will not send an Accounting-Request contains "Acct-Status-Type = Stop" to RADIUS server. This might cause miss accounting on RADIUS server.

History

#1 - 03.12.2012 17:52 - Khaos Tian

- File 257.patch added

A patch basically fixed this problem. It seems the same problem also happens on IKEv2 side.

#2 - 04.12.2012 11:19 - Martin Willi

- Category set to libcharon

- Status changed from New to Closed

- Assignee set to Martin Willi

- Target version set to 5.0.2

- Resolution set to Fixed

A patch basically fixed this problem.

Looks good, I pushed this fix to master, thanks.

It seems the same problem also happens on IKEv2 side.

I couldn't reproduce this; IKEv2 DPD uses a different code path and invokes the hook correctly here.
