

strongSwan - Issue #2925

Certificates with Date above 2038 are not displayed properly

15.02.2019 12:51 - Ramya R

Status: Closed	
Priority: Normal	
Assignee: Tobias Brunner	
Category: configuration	
Affected version: 5.6.1	Resolution: No change required
Description	
<p>I tried to upload Certificate with "Not After" time as 2040. But when I execute "ipsec listcacs" it shows date as "Jan 19 2038" . Looks like the date buffer is of length 32</p> <pre>subject: "C=US, OU=OU, O=O, CN=test2038" issuer: "C=US, OU=OU, O=O, CN=test2038" validity: not before Feb 25 19:30:52 2015, ok not after Jan 19 08:44:07 2038, ok (expires in 6912 days)</pre>	
Is there any fix available already in any of the version above 5.6.1
