

strongSwan - Issue #3454

VLAN support HW_OFFLOAD=yes

21.05.2020 14:51 - Sony Arpita Das

Status: Feedback	
Priority: Normal	
Assignee:	
Category:	
Affected version: 5.8.4	Resolution:
Description Hi, Does swanctl support hw_offload=yes for a VLAN interface ?? For example, If a host has an VLAN interface as enp129s0f4.31, then does swanctl support "hw_offload=yes" on such an interface ?? Thanks, Sony

Does swanctl support hw_offload=yes for a VLAN interface ??

Most likely not as HW offload requires very special hardware to which the kernel is actually able to offload IPsec.
