

## strongSwan - Issue #3643

### Strongswan and FRR NHRP

30.11.2020 12:43 - Jiri Zendulka

<b>Status:</b> Feedback	
<b>Priority:</b> Normal	
<b>Assignee:</b>	
<b>Category:</b> vici	
<b>Affected version:</b> 5.9.1	<b>Resolution:</b>
<b>Description</b>	
If strongswan with NHRP (FRR iproject) is used, then some patches are needed for proper operation.	
For example VICI patch <a href="https://gitlab.alpinelinux.org/alpine/aports/-/blob/master/main/strongswan/1003-vici-add-support-for-individual-sa-state-changes.patch">https://gitlab.alpinelinux.org/alpine/aports/-/blob/master/main/strongswan/1003-vici-add-support-for-individual-sa-state-changes.patch</a>	
I think that the use of strongswan with NHRP might be used relatively often.	
Do you plan to add this VICI patch to strogswan in the future?	
Many thanks.
